

## Contracts Awarded for the Past Five Years

Every year, INDOT awards hundreds of contracts through which a variety of work is performed. Contracts awarded by INDOT can be broken down into two broad categories: preservation and capital improvements.

Preservation contracts involve preserving the current infrastructure, such as rehabilitating or resurfacing roads and repairing bridges.

### Investments in Preservation vs. Capital Improvements

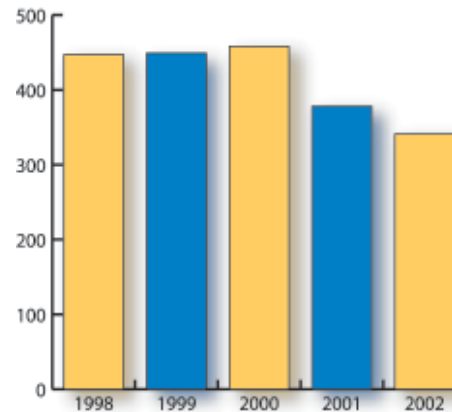

Capital improvements involve the construction of new pavement, bridges, interchanges or adding lanes onto existing routes.

The graph to the right shows the total number of contracts awarded for fiscal years 1998 through 2002.

The chart and graph at the bottom show the monetary comparison of preservation vs. capital improvements.

### INDOT Contracts Awarded

### Contract Distribution by Type of Improvement (in millions)

<i>Fiscal Year</i>	<i>Capital Improvements</i>	<i>Preservation</i>	<i>Total</i>
1998	\$190	\$419	\$609
1999	\$265	\$424	\$689
2000	\$266	\$415	\$681
2001	\$190	\$607	\$797
2002	\$145	\$502	\$647
